

Dear Carolina,

attached you can find the draft of my presentation with some notes.

I will make some amendments before the conference. Do you need the final slides in advance or can I upload them the same day?

Thanks a lot, best

Vania

*Challenges and commitments in a changing world*

***Our challenges in the age of climate change***

A landscape photograph showing a vineyard in the middle ground, with a field of green plants in the foreground. The scene is framed by out-of-focus green foliage in the foreground. The background features a line of trees under a clear sky.

*Heatwaves and drought: biodiversity as a response*

***Architecture and landscapes: a challenge for preserving our world heritage.***

***\* The soil and landscapes commission***

A scenic view of a village with a church spire and a vineyard in the foreground. The image shows a dirt path leading through a lush green vineyard towards a cluster of stone buildings and a prominent church spire in the background. A person is walking along the path, and a horse is visible in the foreground. The sky is overcast.
